

Vanleigh RV

LET THE JOURNEY BE YOUR HOME

PO BOX 445

BURNSVILLE, MS 38833

662-612-4040

# ABOUT VANLEIGH RV, INC.

- Towable Manufacturer out of Burnsville, MS. (Halfway between Hunstville, AL & Memphis, TN)  
Founded Fall 2014.
- Owned by Bob Tiffin, Leigh Tiffin, and Van Tiffin. (share ownership with Tiffin Motorhomes)
- Operate in a 90,000 sq. ft. Main Assembly Plant and a 35,000 sq. ft. Cabinetry Facility.
- Currently have 85 employees and growing between both facilities.
- Our first unit to debut will be a full profile fifth wheel called a *VILANO*.
- Customer-driven company. Both dealer and end user. We are only as successful as our partners.

# 2016 VILANO

- FULL PROFILE LUXURY FIFTH WHEEL.
- CURRENTLY OFFER A 365RL AND A 325RL.
- THE MOST INNOVATIVE AND VALUE DRIVEN FIFTH-WHEEL IN THE MARKETPLACE.
- THE 365RL IS APPROX 38'11" AND 325RL APPROX 34'7".
- OFFERING MOTORHOME AESTHETICS AND FEATURES AT COMPETITIVE FIFTH-WHEEL PRICE POINTS.
- A FIFTH-WHEEL BUILT WITH A PURPOSE, USING THE BEST MATERIALS, SUPPLIES, AND METHODS OF PRODUCTION.

# VILANO CONSTRUCTION

- One- Piece seamless floor in all areas. Floor trusses are tubular aluminum 16" on center.
- Fully heated and enclosed underbelly w/ tank heaters and return air.
- Touch Sensor tank sensors- more efficient than competition. Non corrosive. Same sensors as Bus and tied into Multiplex system.
- Enclosed using BLP screwed into extruded aluminum. This prevents "fishmouthing" or creating spaces for cold/hot air and road debris to get in.
- R-45 insulation in the floor. Astro-Foil guard, Batt Insulation.
- All tanks are mounted into set brackets on the frame.
- Beauflor used as flooring.

ALUMINUM FLOOR STRUCTURE  
WITH INSULATION

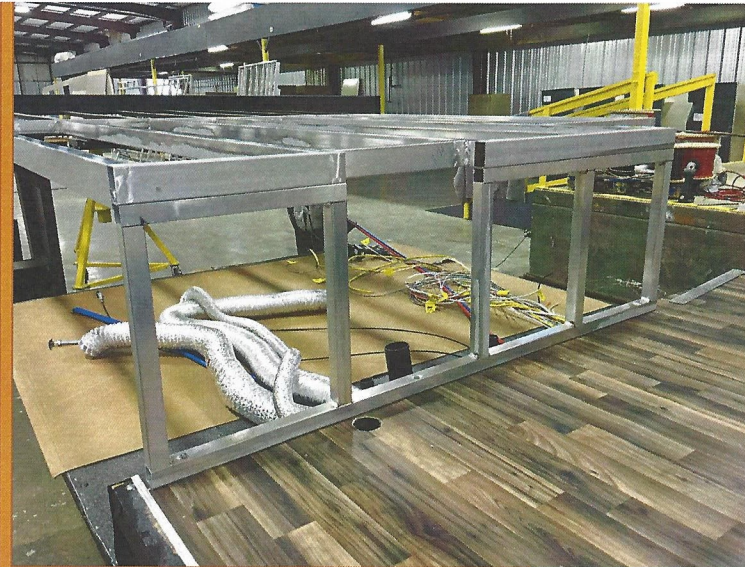

FLOOR INSULATED  
WITH ASTRO-FOIL &  
BATT INSULATION

## CONSTRUCTION CONTINUED

- Tubular Aluminum "Knee Wall", where the bedroom/ bathroom floor adjoin to the main floor.
- All slide-box floors are framed, laminated and insulated- competition uses OSB decking.
- Dual Copper Manifold Water System- less breaks in your water lines, better water pressure.
- Powder-coated aluminum wet bay for longevity IPO of plastic wet bay.
- Pinch-rolled sidewalls w/ high gloss gelcoat.
- Noble Classics Fiberglass
- EGS backers for all cabinetry and appliances.

← TUBULAR ALUMINUM KNEE WALL CONSTRUCTION, SOME COMPETITION USES 2X2 PIECES OF WOOD.

→ ALL SLIDE BOX FLOORS AND CEILINGS ARE FRAMED, LAMINATED AND INSULATED (PICTURED ARE GALLEY CEILING AND FLOOR)

## THE VILANO ROOF

- Built using aluminum trusses 16" on center.
- Built like a high end motorhome.
- Roof Material is TPO- same material as New Orleans Superdome, Denver Int'l Airport. TPO instead of Rubber.
- All Roof's are prewired for 3 A/C's
- All A/C boxes are welded to the roof trusses.
- 16" wide returns for maximum A/C airflow
- Approximately R-40 insulation value between the structure, batt insulation and astro-foil.
- All Seals around roof are bubble tested prior to PDI at facility.

# VILANO MILLWORK

- THE VILANO OFFERS HIGH END RESIDENTIAL LOOKING CABINERY. WE DO ALL OF OUR CABINERY IN HOUSE, NO CABINET VENDOR.
- WE RUN ALL HARDWOOD CABINERY WITH FULL OVERLAY DOORS. MEANING THE ENTIRE CABINET COVERS THE FACEFRAME.
- ALL SLIDE FASCIA AND VALANCES ARE HARDWOOD AS WELL.
- THE SHAKER CABINET DOOR AND RESIDENTIAL CABINET HARDWARE GIVE IT THE LOOK OF A HIGHEND MOTORHOME.
- WE OFFER TWO DIFFERENT COLORS, MOCHA IS THE DARKER COLOR AND ENGLISH CHESNUT IS THE LIGHTER COLOR.
- ALL FACEFRAMES ARE HARDWOOD INSTEAD OF LUMBER CORE BOARD, MOST END WALLS ARE VENEER INSTEAD OF PARTICLE BOARD.
- THERE ARE 32 CABINET DOOR SIZES ON THE 365RL, ALL HANDCRAFTED.
